Repeated and Excluded Courses

Undergraduate Degree Seeking: Previous attempts of repeated courses will be identified and excluded from calculation in the cumulative GPA. The notation of "A" indicates that the course is included in the GPA hours but excluded from earned hours. Courses marked with an "E" designate that they have been excluded from the cumulative GPA, based either on a subsequent repeat of the course (marked with an "I" for "include") or academic clemency approved for up to 16 credit hours. Clemency requires Dean's approval following an absence of at least three years from the university. The transcript shows all original and repeated courses.

Graduate Degree Seeking: Graduate students may not repeat courses previously passed with a grade of B- or higher. When a course with a lower grade is repeated, the following conditions apply: (1) all hours attempted are computed in the cumulative GPA; (2) the transcript shows the original and repeated grade; and (3) only one grade per course may be presented on the Degree Application.

Academic Standing - A student is in good standing unless otherwise noted. "Warning" status is considered good standing. Academic standing may not yet have been calculated for transcripts produced very close to the end of the most recent semester. If you have any question about the student's standing, contact the University Registrar's Office.

Special Notes

Complete Transcript - The transcript shows all classes registered and attempted except those dropped during the drop period.

Withdrawal - Enrolled undergraduates may withdraw from a career total of 3 enrolled classes at their own discretion and without dean's approval. All other withdrawals must be for non-academic reasons and require dean's approval.

Grade Point Average - The GPA is computed by dividing quality points (QPts) by GPA hours (GPA-Hrs). It is carried to the second decimal point and rounded. GPA is only computed for credit earned at George Mason University or through the Washington Consortium (WC).

Degree GPA

Graduate: For Master's and Doctoral Students, the Degree GPA is calculated on course work presented by the student on the Degree Application.

Undergraduate: The Degree GPA for Bachelor's degrees was discontinued after the May 2006 conferral. University Honors are computed on the Degree GPA if one applies to the student's record. Otherwise, they are calculated based on cumulative GPA.

Transfer Work - Transfer hours are counted toward a degree but are not computed in a student's GPA.

Washington Consortium (WC) - Resident credit and grades can be earned through the Consortium of Universities of the Washington Metropolitan area.
